

Product Specification Sheet

Lui Cyc

Selecon's Acclaim and Aurora ranges have a well-deserved reputation for delivering filter life up to double of that of some cyc floods.

Further developments of our heat exhaust /control system has resulted in LUI delivering industry leading filter life for their class and size.

Designed to withstand the most gruelling rental and production work and engineered from precision sheet metal and aluminium extrusions.

Features

The LUI range uses the 1000W K4 or 625W P2/10 R7 lamps (189mm).

Make your own battens using the LUI slot lock joint system that allows a number of units to be locked together.

Makes a very effective groundrow. Simply reverse the colour cassette by removing the two screw pivot hinges. Add screw jack feet for adjustment. See separate LUI Groundrow specification sheet for conversion details.

Relamp without having to remove the filter or break focus.

Filter holder is held captive by spring hinged extruded cover that also blocks unwanted light spill.

One handed operation only required to focus, change filters etc.

Mains Power Disconnect – a microswitch isolates the mains supply when opening to re-lamp (phase and neutral) protecting against a student or technician inserting a lamp into a live socket.

Safety glass ensures that in the unlikely event of a lamp exploding that the remains are held captive within the luminaire.

Shape the beam and contain glare with the four-door barndoor accessory – fits all models.

Lamps: 220V -240V

1000W K4	2000 hours average life
24,000 lumens	
625W P2/10	150 hours average life
16,250 lumens

Approvals

Fully tested and compliant to CE standards.

Photometric Data

Tests conducted using standard R7 189mm double-ended linear lamps: 1000W 240V.

Physical Data

	Single	3-way	4-way
Weight:	4.1kg	10.7kg	14kg
Colour frame size:	265mm x 203mm		
Included:	1x colour frame per cell, 1x M12 suspension bolt set and instruction leaflet.		

Connector Panels and Options

With the connector options to suit your needs:

Standard

Separate silicon rubber cable tails, with protected entry and clamping gland.

Connector Model

Comes fitted with terminal box to which you wire your connector requirements.

Connector boxes

Mounted beside the termination box with wiring running through side panel knock outs for – multi connectors, cable tails, socket outlets - to fully utilise multi core cable circuit capacity.

Standard Connector Mounting options include:

2 x 32mm cable glands fitted to the terminal box cover plate – supplied as standard.

19 pin Socapex Mount Box (connector not supplied).

Order Code: 15HLC5

10 pin Wieland Mount Box (connector not supplied).

Order Code: 15HLCW10

16 pin Wieland Mount Box (connector not supplied).

Order Code: 15HLCW16

15A UK type Socket Outlet Mount Box (required for Spec of outlet – not supplied).

Order Code: 15HLCUK

10A Aust/NZ 10A Socket Outlet Mount Box (PDL type 40 – supplied).

Order Code: 15HLCANZ

3 and 4 flexible cable tail termination boxes c/w cables.

Order Codes:

3 circuit – 15HLC3F

4 circuit – 15HLC4F
