

Product Specification Sheet

Pacific Followspot

A compact sized, cool beam followspot with a wide choice of light sources making it the ideal choice for schools, smaller theatres and entertainment venues as well as production companies.

Features

Choice of light sources to meet the throw requirements of most venues

600W TH, 220-240V – 1000 lux at 18.5m

800W TH, 220-240V – 1000 lux at 20m

1000W TH, 220-240V – 1000 lux at 20m

1200W 80V including electronic power supply, 220-240V – 1000 lux at 23m

MSR hot restrike 575W, flicker free operation, 90–240V – 1000 lux at 39m

Cool beam and all the operational advantages of Selecon's Pacific heat management technology.

Adjustable iris diaphragm with black out and protective guard.

Braced yoke and platten spigot ensures smooth operation of the followspot.

The yoke balance point can be adjusted to suit the operator's requirements.

NO Fans, other than that required for the MSR power supply.

Ergonomic guide handles which position the hand for easy operation of the iris and colour changer.

Ease of maintenance – slide out iris; top panel slide access to lens; removable lamp module and wiring.
